THAW IS NO MORE
CRAZY THAN JEROMECame Out of First Test With Flying Colors But
They Have Him Again Today—An Inter-
esting Event

[By Telegraph to The Age]
New York, March 29.—"Harry came out with flying colors. He remembered more about the case than I did. We are confident of the outcome." These were the words of Attorney Hartridge for the defense when questioned about the proceedings before the commission appointed to inquire into the present mental condition of Harry Thaw.

The examination was conducted behind closed doors, and when an adjournment was taken until 10 o'clock Saturday morning no one connected with the hearing before the commissioners would discuss the details of the inquiry. Thaw went willingly and confidently before his judges, and when the two hours' secret session was concluded his attorneys appeared with smiling faces and declared they were more than satisfied with the course of the proceedings. District Attorney Jerome hurried away from the criminal courts building, declining absolutely to say one word about the commission's work.

Thaw's examination was not concluded, and he will appear again be-

fore the commission when it meets Saturday morning. The Saturday session also will be held behind closed doors.

Thaw went on the witness stand before the lunacy commissioners, and for nearly two hours answered a running fire of questions. The commissioners alone questioned him, and in response to the most subtle inquiries as to matters touching upon his defense, the meaning of phrases in his letters to counsel, the purport of Justice Fitzgerald's decisions, the method of selecting the jury, his desire for the calling of various witnesses and his purpose in suggesting that certain questions be asked him, it is said, he gave intelligent answers.

The most important feature of the day's proceedings was the decision of the commission to limit the scope of its inquiry to the exact language of the statute—to determine solely the question as to whether or not Harry Thaw is able today to understand the nature of the court proceedings against him and is able to advise his counsel in a rational manner. District Attorney Jerome announced to the members of the commission that all of the legal experts he had employed in the case had advised him that Thaw is suffering from a typical case of paranoia—a disease of the mind in which the recoveries are limited to 2 or 3 per cent. He offered to adduce testimony to support this statement, but the commission waived it aside, saying that the purpose of the inquiry was a very simple one and had to do not with any classification of mental diseases, but with the prisoner's present state of mind as judged by laymen. In laying down this decision the commission confronted the district attorney with the very position he has maintained in putting Thaw on trial for his life. Mr. Jerome contends that Thaw was suffering from paranoia on the night of June 25 last, when he shot and killed Stanford White, but he added that paranoiacs often have knowledge of what they are doing, and that Thaw knew the nature and quality of his act in killing White and knew that the act was wrong. Thus while medical experts may determine that Thaw is still suffering from paranoia, the question to which the lunacy commission has decided to confine itself deals solely with Thaw's knowledge as to the proceedings against him and his ability to advise his lawyers.

The commission got under way with a rush and plunged at once into the personal examination of the defendant. District Attorney Jerome protested at first that he was not able to proceed, saying he would like to have his medical advisers present during Thaw's examination. He finally stated he would have no objection to the examination going forward providing he was permitted to reserve his cross-examination. The commission forthwith settled the matter of the presence of the experts by excluding them from the room along with anyone else except the defendant and his counsel, the district attorney and Assistant District Attorney Garvan.

Clifford Rippeth will spend Sunday at his home in Leesville.

SALOONS NOT
TO ASK TIMESaid to be Generally Satisfied
With 10 O'clock
as Hour

The proposed 11 o'clock closing ordinance for saloons has evidently died a-borning. It was left in the hands of the saloonists to prepare a petition to present to council, but The Age learns that many of the saloonists of the city are pretty well satisfied as things are now. In fact one stated definitely that 10 o'clock is late enough for any man to work—and this man never has been accused of Sunday selling. The recent symposium in The Age of the closing hours of other cities showed that 10 o'clock is the fair average, and it satisfied local dealers that they were pretty well off as things are.

M'CONNEL IS
IN THE LEAD

Hon. Matthew A. McConnell of this city stands an excellent show of being appointed by Gov. Harris as a member of the board of managers of the Ohio penitentiary. The governor is looking for a business man, the place and he could not find a man better qualified in every way than Mr. McConnell, who bears the endorsement of party leaders and business men generally.

Will Sentence
Her Tomorrow

Ida Mae Bordenkircher will be sentenced Saturday by Judge Nicholas whose exact time of return is still problematical. He may be here on No. 6 and may not come till No. 22 in the evening or even at 10 p. m., but he has said that just as soon as he arrives he will convene court, and pass upon the motion for a new trial. As already stated in The Age the defense expects at once to appeal to the circuit court at Zanesville Tuesday, expecting this court to overrule their motion for a new trial.

Broke His Finger.
Chester Benson, of Canton, who is visiting friends in the city, had the misfortune to have the second and third fingers of his left hand broken Thursday. He was assisting some one to load a trunk on a truck at the Panhandle depot, and the heavy trunk fell on his fingers, breaking them. Medical attention was given at once.

MILLER'S
LAWYERS
WORK HARDAccused, With Children
on His Knee, Has
Hearing Before
Squire

As The Age goes to press the hearing of Kelly Miller, charged with being the cause of the death of Cora Benell, is going on in Squire Wimmer's court.

It is predicted that he will be bound over to the grand jury.

Squire Wimmer's court presented a somewhat touching sight when Kelly Miller, under the shadow of a grave charge, sat with his two little children perched upon his knees. On his left knee sat a little boy in a sailor suit and on his right a winsome little girl dressed in white. His mother-in-law was also present.

The Opening Gun.
A legal battle between Prosecutor McDowell and the two attorneys for the defense, H. W. Kuntz, of Zanesville and Howard E. Hahn, preceded the hearing. The prosecutor asked that Miller be sworn. Mr. Kuntz objected. Warm words were exchanged. The prosecutor asked if Mr. Merrell, who was sitting in the squire's office, if he was an attorney in the case. Mr. Merrell replied that he was not.

Miller Not Sworn
Squire Wimmer finally ruled that Miller need not be sworn and the hearing proceeded.

Undertaker Chris Deibel, of Fresno, was the first witness called. He testified that he was called upon by the township trustees to bury Cora Benell and that with her he buried a little child on February 12; that they were both buried in the same coffin and that the child was placed in a pasteboard box about five or six inches long and four inches wide.

Mrs. Mary E. Benell, stepmother of Cora Benell was called. She also testified that the child was placed in a pasteboard box in cotton. She said that Kelly Miller was at their home once on December 17, that the only thing she knew he brought was some

Soon

One of the most important meetings ever held in the county will be called to order at city hall Saturday morning at 10 o'clock—a session of the Good Roads association, which will be addressed by Capt. Lybager of Warsaw, and all details of organization of districts, etc., fully explained. It is expected that several hundred tend and the business men have already signified their intention of taking at least an hour off from business and going to the meeting in force, to show their interest in the important matter. Pres Hanley and all the township vice presidents will be there and a good straight forward business session is expected, that will result in action and—good roads.

Cut Head Open
In a Fight

North Fourth street was the scene of considerable bloodshed about 7:30 o'clock Thursday evening, when two men came to blows. One of the men had struck a little fellow in the face and his companion objected, saying, "Don't hit a little fellow like that." The fellow replied "Keep still or I'll hit you," and at once jumped on him. The fighting man put on a steel knuckle and cut his victim's head badly just over his right eye. The injured man was taken to the Electric Light plant and his injury dressed. It is said he lived in Uhrichsville, and was in the city on business that night.

GIRL INSANE.

Verdict of the Jury in Case of Nurse
Who Killed Her Charge.

Carmel, N. Y., March 29.—Jennie Burch goes to Mattewan. The jury which, since Monday, has been trying the young girl for poisoning of baby Wilbur Winslip, returned a verdict of "not guilty by reason of insanity," and Justice Miller at once ordered her committed to the asylum for the criminal insane. The verdict came to the 15-year-old girl as she sat alone in the court and she broke down and wept bitterly. But after she had dried her tears, Mrs. Herbert Winslip, mother of the baby to whom Jennie gave the poisoned peach, went to her to say goodby. In spite of her grief over her baby's death, Mrs. Winslip could not forget the girl she had reared, and tried to cheer her. She clasped the girl in her arms and kissed her and told her that she freely forgave her. Herbert Winslip, the father of the poisoned baby, also told Jennie that he had forgiven her and promised that Roscoe, the older child, should visit her at Mattewan.

EXPERT WANTS BIG SUM
FOR CHEMICAL ANALYSIS

Expert opinion sometimes comes high, and that is said to be the cause of the deliberation that has marked the prosecution of the Kelly Miller case. While Prosecutor McDowell and Coroner Lear say nothing, yet it is learned that they sent the contents of the Benell girl's stomach to a Chicago chemist and have received

On top of this the chemist asks \$100 to come before the grand jury and testify as to the result of such an examination if made and also regular witness fees, mileage, etc., etc. The contents of the stomach looked like prune juice and Dr. Kittmiller states that he is positive just what medicine the girl took during the four weeks she was under his care.

CHELEKIS TO ESTABLISH
CREAMERY HERE IN FALL

H. Chelekis, the Greek-American candy man, states that he expects to establish a big creamery in Coshocton this coming fall. He is negotiating for a site in the center of the city for a factory and will then not only conduct a creamery, but will establish

milk routes over the city, and have a retail butter and milk store as well. He has set off thirty feet of the rear of his store this spring for an ice cream factory and is making the congealed sweetness by electrical power, making 40 gallons in 23 minutes.

HONESTLY, DOES SHE LIVE HERE?

Why Not Coshocton The Home America's Most Beautiful Woman

Here is a great news for the beautiful women of Ohio and for all their friends and relatives:

The beauty quest which was started by the grandiose proclamation of the Chicago Tribune that the woman it has selected as the most beautiful in the United States has grown into a national affair.

The leading newspapers in twenty-three of the largest cities in the country have taken up the Chicago challenge. Each is seeking for the most beautiful woman in its city or state to pit against the Illinois beauty. That has made necessary the appointment, soon, of a commission of judges, probably most of them famous artists, to decide which of these chosen contestants is the most beautiful. This woman, whether she represents Ohio, Pennsylvania or New England, will be declared the queen of American beauty.

These twenty-three newspapers are the Cleveland Leader, the Chicago Tribune, the Boston Herald, the Buffalo Times, the Denver Post, the St. Paul News, the Indianapolis Star, the Detroit News-Tribune, the New York World, the Milwaukee Sentinel, the Philadelphia Inquirer, the Des Moines News, the Pittsburgh Gazette-Times, the Omaha News, the Louisville Courier-Journal, the San Francisco Call, the St. Louis Republic, the Providence Tribune, the Washington Times, the Minneapolis News, the Columbus Dispatch, the Salt Lake Tribune and the Portland (Ore.) Journal.

The Cleveland Leader challenges for the entire state of Ohio. But The Age was not willing to let the Leader have all the glory. The Leader's challenge being in, it could not challenge again for the state. What in making the choice of the woman who will represent Ohio in this galaxy of national beauty, a worthy one.

To the credit of the newspapers of Ohio be it said, sixteen others are doing the same thing. They are: The Age, The Iron Valley Reporter, of Canal Dover, the Defiance Express, the Sandusky Register, the Wooster Daily News, the Montpelier Enter

Food Poisons

90 PER CENT OF ALL DISEASES
THE RESULT OF UNDIGESTED
PUTREFYING FOODS.

Men of affairs, women of society and children with active brains are too often sedentary in their habits, giving little time to exercise. To this evil is added that of high and irregular living—as a result, the stomach cannot stand the demands made upon it. The abused and overtaxed stomach does not properly do the work of digestion, food taken in ferments and the poison permeates the whole system. The body loses its weight and becomes a prey for the attack of whatever disease it may encounter.

Did it ever occur to you how busy that stomach of yours is? It only holds three pints, but in one year you force it to take 2,400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked. We crowd it with steaks and pastry, irritate its juices with spices and acids, and expect the stomach to do its work. It can't do it.

All over the inner layer of the stomach are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more the food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining.

Think of the tons of high seasoned game, sweetmeats and appetizers crammed into this little four-ounce mill, and then wonder if you will why you are dizzy or nauseated or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Staur's Dyspepsia Tablets, taking one after each meal and at bed time. They are not a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Staur's Dyspepsia Tablets will do the work that the stomach fails to do. There's enough power in one grain of Staur's Dyspepsia Tablets to digest 3,000 grains of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested.

Staur's Dyspepsia Tablets will rout the poison because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health. Seize your opportunity before worse conditions confront you. Send today for a free trial package of Staur's Dyspepsia Tablets. They will bring your stomach relief. F. A. Staur, Co., 23 Stuart Bldg., Marshall

prise, the Warren Tribune, the O'Fallon Courier, the Newark Advocate, the Marion Star, the Berea Advertiser, the Toronto Tribune, the Salineville News, the Galion Sun Review, the Kenton Republican, the Dalton Gazette and the Mayfield Shield.

This is an array of champions which the women of Ohio should be proud of. The Age certainly is proud to be one of them.

The most beautiful woman in Ohio must be found. Every Ohio man and woman will hang the head with shame if the fame of the Buckeye state for fair womanhood is not upheld as it should be before the art com

mission which will make the national beauty award.

There are no more beautiful women in Ohio than in this immediate territory. Their friends and relatives should come to the rescue. Send their photographs to the editor of The Age. Those which are published before the final award is made will appear in this paper and the Cleveland Leader. They will be kept carefully and returned by mail as soon as the decision is made for Ohio. Write the names and addresses plainly on the backs. Addresses and models are barred; this is the affair of the home women. But photographs and prints made by automatic photographing machines are too small to be available.

Rally for the beautiful women of Ohio! Send in their photographs!

On Tuesday, March 26 at Branch church in this county the funeral of Mrs. Jane Hebron aged 68, a very estimable Christian lady, was conducted by Rev. C. C. Spiritualism Denounced by Evangelist

"Secrets and Revelations" was the topic preached upon by the Rev. Mr. Pengelly at the Baptist church last night, to a big attentive audience, and in his discourse he took occasion to denounce the "tampering with the secrets of God" as practiced by the Spiritualists. "It is preposterous to think of securing an audience with your grandmother for fifty cents," he said. His sermon was filled with beautiful word pictures, and his singing made a profound impression. Mr. Pengelly preaches for the last time tonight, on "Behind the scenes in high life." He knows his topic. Rev. Manley Wilson starts at Sunday night with a sermon on "The Second Coming of Christ" and henceforth Rev. Pengelly will conduct the music. More than 100 additional chairs have been placed in the auditorium and meetings will be arranged for both afternoons and evenings next week.

HOMAGE TO GALLANT LADS IN S. OF V.

Speaking of the organization of the camp of Sons of Veterans in this city, Editor Korns of the New Philadelphia Tribune pays that order the following splendid compliment.

At Coshocton, this evening, Arthur D. Schlegel of this city, Junior Vice Commander of the Sons of Veterans Commander of the Ohio division, Sons of Veterans, will institute a camp. The number of the camp will be 49 and there will be fifty charter members. A number of the members of Henry Kaldenbaugh Camp, Sons of Veterans, of New Philadelphia, will accompany Mr. Schlegel and assist in the work. There was no county for the size in the country that sent more men to fight for "Old Glory" than Coshocton, and The Tribune is happy to know that the sons of these brave veterans are going to have a camp which will help to perpetuate the brave deeds of the boys from '61 to '65. Here's hoping the camp will grow and prosper and it is sure to be an honor and credit to the citizens of Coshocton and Coshocton county.

PROCTOR DEAD BY OWN HAND

Cincinnati Millionaire Shoots Himself at His Home.

Cincinnati, O., March 29.—At his home in Glendale, a suburb of this city, William A. Proctor, president of the Proctor & Gamble Co., died from a bullet wound, self-inflicted. When announcement was made of his death it was stated that death resulted suddenly, and it did not develop till some hours later that he had shot himself in the head while alone in the bathroom. Coroner Cameron was called and began an investigation of the circumstances of the shooting, and in the meantime refused to make any statement except to say that Mr. Proctor had died from a bullet wound. Mr. Proctor was widely known in business circles and was a prominent layman in the Protestant Episcopal church, to the institutions of which he was a liberal giver. His wealth was estimated at many millions, most of which had been made by himself. He was noted for the co-operative scheme for a division of profits with employees which he had designed for his company. Members of the family later admitted that Mr. Proctor committed suicide by shooting himself in the head while in the bathroom. It is said that Mr. Proctor had been suffering from melancholia ever since the death of his wife, four years ago. He was born in this city 73 years ago.

CATARRH PREPARES THE SYSTEM FOR CONSUMPTION

While Catarrh in its first stages usually affects the head, it does not stop there if the trouble is allowed to run on. The contracting of a cold is generally the commencement of the unpleasant symptoms of ringing noises in the ears, nose stopped up, mucus dropping back into the throat, hawking and spitting, etc. The inner skin or mucous membrane of the body becomes inflamed and secretes an unhealthy matter which is absorbed into the blood, and Catarrh becomes a serious and dangerous blood disease. Every day the blood becomes more heavily loaded with these poisonous secretions, and as the poisoned blood constantly passes through the lungs they become diseased, and often Catarrh terminates in Consumption. Sprays, washes, inhalations and such treatment do no real good, because they do not reach the poison-laden blood, where the real trouble lies. The only way to cure Catarrh is to purify and build up the blood. S. S. S. has been proven the remedy best suited for this purpose. It goes down to the very bottom of the trouble and removes every trace of impurity from the circulation, freshens this life stream and, as this healthy blood goes to every nook and corner of the system, Catarrh is driven out and a lasting cure made. The inflamed membranes and tissues heal, the secretions cease, the head is cleared and the entire system renovated and put in good condition by the use of S. S. S. Write for free book which contains valuable information about Catarrh and ask for any special medical advice you desire, without charge.

HORSES AND CONSCIENCE

We have a friend in Irvington who recently gave away an old horse to a farmer who he had reason to think would take good care of the animal rather than accept \$25 offered for it by a city express man, who he thought would abuse and half starve it. The horse is strong and good for several years' service if properly treated, but could not endure cruelty. This is an example worthy of imitation by many who have such animals. It is a pity to see an old horse, or one having some blemish that renders him unsalable, put into the hands of some irresponsible, cruel, ignorant or stingy driver, to be overworked, unsanitized, beaten and starved till death comes to his release. Farmers having such animals to dispose of would better shoot them than send them to the city. The few dollars they would bring will not compensate for the stings the deed will inflict upon their conscience, if they have any.—Indiana Farmer.

KILL CATARRHAL GERMS

Breathe Hyomei's Medicated Air and you will soon be well.

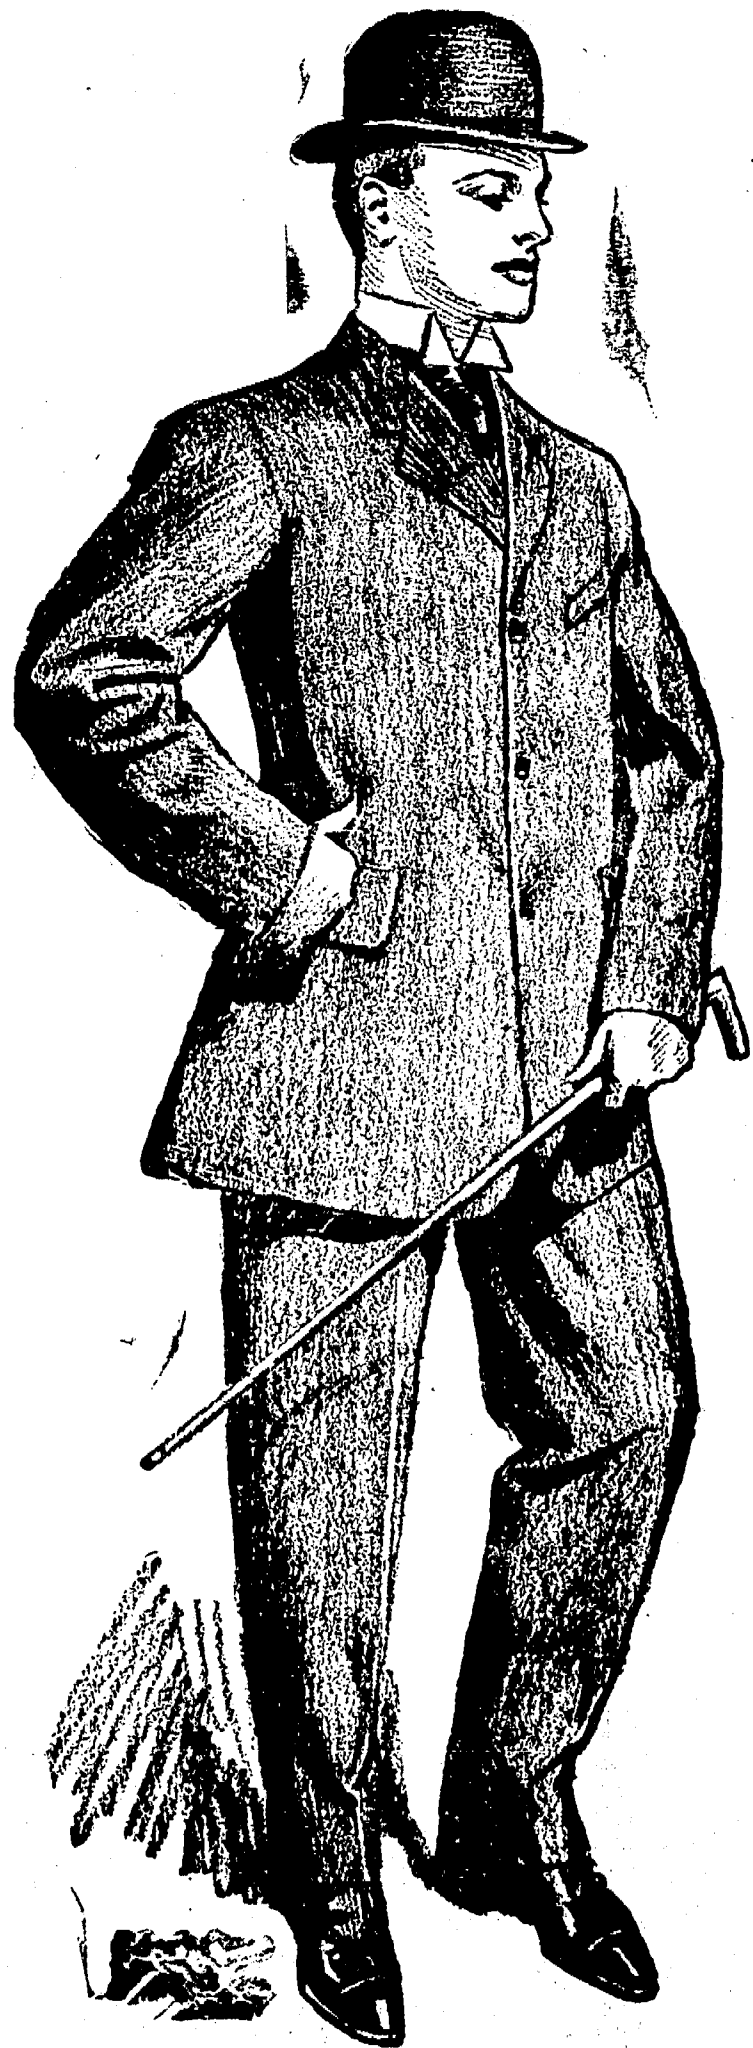

If you have catarrh in the nose, head or throat, with offensive breath, coughing, irritation of the throat, rals of mucous, difficulty in breathing, sneezing, husky or hoarse voice, discharge from the nose, tickling and dropping at the back of the throat, especially at night, begin the use of Hyomei at once.

Its healing medication breathed through the neat pocket inhaler that comes with every outfit, will give quick relief in all catarrhal troubles, and its continued use will kill the catarrhal germs, and drive them from the system.

By using Hyomei you get in your own home the same results as though you lived out of doors in the Adirondacks or the Colorado mountains. The germ-killing properties of Hyomei reach the most remote air cells of the respiratory organs, soothing and healing any irritation there may be in the mucous membrane, and killing all catarrhal germs.

Here in Coshocton where Hyomei has been known and sold, there are many who freely attest its wonderful powers, but the best testimony that can be offered in favor of Hyomei is the guarantee that C. E. Anderson gives with every outfit he sells, "money back if it fails."

The complete Hyomei outfit costs but \$1.00, extra bottles, if needed, 50c, making it the most economical treatment for catarrh as well as the only one that is sold under a guarantee.

Miller's Lawyers Work Hard

brandy; there were two bottles. She said Cora was sick or let on to be.

The Dying Declaration

Then came a legal argument as to whether Cora Bennell's declaration to Dr. Kitzmiller could be admitted. It was not admitted.

Mrs. Bennell said she knew what was wrong with Cora but she never revealed it. "I knew this was on the way" she said "I was a woman old enough to know."

"And yet you didn't tell Dr. Kitzmiller when you knew he was doctoring her for stomach trouble?" asked Mr. Kuntz. "No sir."

Mrs. Bennell testified that Dr. Kitzmiller told Cora she would die that night, provided she didn't take care of herself; that Cora said that Kelly Miller was the fault of her death.

Mrs. Reo Adams testified that Kelly Miller brought two bottles of liquor, wine or something.

Tommy Adams testified that Cora's father sent him down to tell Kelly Miller to come up; that he went to the Wheeling station and told Kelly that Cora wanted him to bring a half pint of brandy; that Kelly said he would be up that night or in the morning; that Mr. Bennell didn't say what she wanted it for; that Jake Cutshall was with him. He was called for.

Hearing Delayed.

Owing to the fact that the witnesses from Fresno could not get here until the noon train arrived on the Wheeling, the preliminary hearing of Kelly Miller, which was set for 10:30 Thursday morning was postponed until 12:30.

The evidence was practically the same as that brought out by the coroner's inquest three weeks ago, a portion of the same witness being examined. The prosecutor only introduced sufficient evidence he said to warrant Squire Wimmer in binding Miller over to the grand jury which meets Monday.

Letters Kept Out.

The letters, which are said to be from Kelly Miller entreating Cora Bennell to do something to rid herself of the trouble, were not introduced.

The prosecutor evidently deemed it advisable to hold them back until the trial, which will probably take place the latter part of April.

It is presumed that W. S. Merrell, who is present, represents one of the doctors who may be called upon to testify later on.

Miller will be bound over to the grand jury late this afternoon. Squire Wimmer will fix the bond at the same amount as before, \$2500.

Josiah Bennell was on the stand at three o'clock. He testified that he started the medicine which Cora had taken for pillow. It didn't come like

Baseball Problem for Wise Fans

The play in question happened in the Pacific North Western league, in a game between Portland and Tacoma in the last half of the ninth inning, the score stood 5 to 4 in favor of Tacoma, with Portland at bat. A man was on third base, and a man on second, and one out.

The batter hit the ball, but not safe. Nobody made an error, there was no hit, and no one out. Portland scored two runs, and won the game by the score of 6 to 5. How did they do it?

The Age would like to receive answers to the above problem, which will be published.

Tonight's Basket Ball.

The basket ball game tonight between the local high school team and the Columbus North High team will be the last game of the season and probably the last one. The game scheduled with the Ashville high team has been declared off, on account of the warm weather preventing the boys from practice. The game tonight will be called at 7:30 and will undoubtedly be over in time for the polo game afterward.

George Barker the fast second rusher of the polo team, is a baseball player, and may try out with Bo Ross on the Ashland team this year. Barker is an out-fielder or second baseman and is highly recommended by Doc Abbott with whom he has practiced several weeks. He played last season with the Peotosky, Mich. team.

New Yorks Forfeit Game.

New Orleans, March 29.—The game between the New York Nationals and Philadelphia Americans here was declared forfeited to Philadelphia at the end of the first inning. New York was at bat with two out, men on second and third and no runs. Manager McGraw claimed that Pitcher Plank of Philadelphia balked, but Umpire Zimmer of the Southern league refused to allow the balk. A wrangle followed, during which Catcher Bresnahan of New York was escorted from the field by the police and McGraw was ordered to leave the field by the umpire. The New York manager took his team with him and forfeited the game.

Stahl's Career.

Boston, March 29.—Charles S. Stahl, the ballplayer who committed suicide in Indiana, had been playing in Boston for the past 10 years. He married last October Miss Julia Maria Harmon of Roxbury. G. E. Roche,

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the stock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs, made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers or for those broken down in health by too frequent bearing of children, also for the expectant mother, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic, adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

SMYSER THINKS ROOSEVELT WILL RUN ONCE MORE

An enthusiastic admirer of Judge Smyser's has written an open letter to the Wooster Republican declaring for Judge Smyser as the man to succeed Senator Foraker in the senate if the senator does not choose to return. Then the Wooster paper goes on to say:
Judge Smyser, when told that a Sterling friend was booming him for senator, said "Humph, Smyser is not the man to succeed Foraker."
Judge Smyser regards Foraker as the ablest man, intellectually, in the senate and says he is the hardest working man in that body. In the opinion of Judge Smyser, however, the next Republican candidate for president will probably be Roosevelt, it being his opinion that the office will be thrust upon the present incumbent, again and that he will not be able to refuse.

Horse Had a Brain Storm.
Tom Wiggins' horse had some kind of a fit Friday and as a result Mr. Wiggins is laid up with a broken collar bone and some fractured ribs.
Without any apparent provocation whatever the horse made a plunge, ran around in a circle three times acting as though there was a fire in his ear, a brain storm or something. One of the buggy wheels was smashed. This happened right at the center of the town-ship just back of 'atswamp. After the horse got through circulating he got lodged one way against a tree and Mr. Wiggins got himself gathered up and pitched him. Then the horse took another spasm and ran over to Will Craig's—West Lafayette Indicator.

But if it is desirable to cut the painting bills down to the least amount possible per year, it is of the utmost importance that the paint be made of

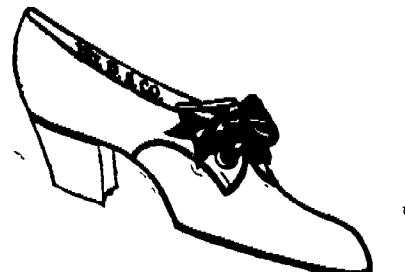

Fahnestock Pure White Lead

and the best of Linseed Oil. There are imitations in the form of alleged White Lead, and there are substitutes in the form of ready-prepared paints.

We guarantee this White Lead to be absolutely pure, and the Dutch Boy on the side of every keg is your safeguard. Look for him.
